

# Design Album

# grande forge

The pictures on the following pages are just a small selection of gate and fence ideas using the 'Grande Forge' wrought iron components. The full catalogue and product guides can be downloaded from our website.

Please note that all gates & fencing using the 'Grande Forge' components are custom made, and each job is priced individually. The prices are for gates exactly as pictured (sizes vary).

Please note that some bar spacing may need to be changed to comply with Australian standards. All prices include GST.

Various options include prices for: 'Grande Forge' components only (raw finish); all gate parts (raw finish & not assembled); gates made complete (uncoated finish); and gates made complete (sandblasted & powdercoated). Prices DO NOT include posts.

Gates pictured are swing gates, but all can be adapted to sliding gates.
